

I am writing to  
complain about  
Sinclair  
Broadcasting. They  
happen to own a  
large number of  
broadcast stations  
and, because they  
happen to be avid  
supporters of the  
president, they  
have decided to make  
all their stations  
air a one sided  
"documentary"  
against Kerry. It  
is my understanding  
that the air waves  
are public. Airing  
a one sided  
political piece is  
serving only half of  
the public. It is  
equivalent to giving  
a huge donation to  
the republican party  
at my expense.  
Unless they give an  
equivalent amount of  
air time to the  
Democratic party, it  
is an unfair use of  
power. In order to  
protect the public  
air waves they  
should be stopped  
from airing this  
biased piece, or  
they should have  
their licence  
revoked.

Sincerely,  
Don Minnerly
